

United States Of America
Department of Transportation - Federal Aviation Administration
Supplemental Type Certificate

Number SA2906WE

This Certificate issued to DeVore Aviation Corporation of America,
a New Mexico Corporation
6104-B Jefferson, N.E.
Albuquerque, NM 87109-3410

certifies that the change in the type design for the following product with the limitations and conditions therefor as specified hereon meets the airworthiness requirements of Part 25 of the Federal Aviation Regulations (See T. C. Data Sheet A22CE for Certification Requirements).

Original Product Type Certificate Number: A22CE
Make: Cessna
Model: 500, 550

Description of Type Design Change:

Installation of vertical tail flood lights on horizontal stabilizer per FAA sealed DeVore Top Drawing 50000001.

Limitations and Conditions:

The approval of this change in type design applies basically to Cessna 500, 550 models. This approval should not be extended to other aircraft of these models on which other previously approved modifications are incorporated unless it is determined by the installer that the interrelationship between this change and any of those other previously approved modifications will introduce no adverse effect upon the airworthiness of that aircraft. This determination should include consideration of significant changes in weight distribution such as an increase in the fixed disposable weight in the fuselage.

This certificate and the supporting data which is the basis for approval shall remain in effect until surrendered, suspended, revoked or a termination date is otherwise established by the Administrator of the Federal Aviation Administration.

Date of application: April 19, 1974

Date reissued: January 31, 2000

Date of issuance: September 10, 1974

Date amended: August 30, 1978

By direction of the Administrator
