

United States Of America
Department of Transportation - Federal Aviation Administration
Supplemental Type Certificate

Number SA2974WE

This Certificate issued to DeVore Aviation Corporation of America,
a New Mexico Corporation
6104-B Jefferson, N.E.
Albuquerque, NM 87109-3410

certifies that the change in the type design for the following product with the limitations and conditions therefor as specified hereon meets the airworthiness requirements of Part 4b of the Civil Air Regulations.

Original Product Type Certificate Number: 4A22
Make: Lockheed
Model: 188A or 188C

Description of Type Design Change:

Modification of Lockheed Models 188A or C for installation of an aft galley and forward galley rework in accordance with FAA sealed DeVore Top Drawing 18800002 or later approved revision.

Limitations and Conditions:

The approval of this change in type design applies basically to Lockheed 188A or 188C airplanes only. This approval should not be extended to other aircraft of this model on which other previously approved modifications are incorporated unless it is determined by the installer that the interrelationship between this change and any of those other previously approved modifications will introduce no adverse effect upon the airworthiness of that aircraft.

This certificate and the supporting data which is the basis for approval shall remain in effect until surrendered, suspended, revoked or a termination date is otherwise established by the Administrator of the Federal Aviation Administration.

Date of application: December 05, 1974

Date reissued: January 31, 2000

Date of issuance: January 06, 1975

Date amended:

By direction of the Administrator
