

United States Of America
Department of Transportation - Federal Aviation Administration
Supplemental Type Certificate

Number SA3162WE

This Certificate issued to DeVore Aviation Corporation of America,
a New Mexico Corporation
6104-B Jefferson, N.E.
Albuquerque, NM 87109-3410

certifies that the change in the type design for the following product with the limitations and conditions therefor as specified hereon meets the airworthiness requirements of Part 23 of the Federal Aviation Regulations effective Feb. 1, 1965, as amended by 23-1, 23-2, 23-3; and Para. 23.1385(c), 23.1387(a), 23.1387(e) of Amendment 23-12.

Original Product Type Certificate Number : A12CE
Make : Beech
Model : 60, A60 and B60

Description of Type Design Change:

Installation of recognition light assembly on the horizontal stabilizer in accordance with FAA sealed De Vore Aviation Top Drawing No. 06000001, Change B, or later FAA approved revision.

Limitations and Conditions:

This approval should not be extended to other aircraft of this model on which other previously approved modifications are incorporated unless it is determined by the installer that the interrelationship between this change and any of those other previously approved modifications will introduce no adverse effect upon the airworthiness of the aircraft. This determination should include consideration of significant changes in weight distribution such as increase in fixed disposable weight in the fuselage.

This certificate and the supporting data which is the basis for approval shall remain in effect until surrendered, suspended, revoked or a termination date is otherwise established by the Administrator of the Federal Aviation Administration.

Date of application : October 13, 1975

Date reissued : January 31, 2000

Date of issuance : March 26, 1976

Date amended :

By direction of the Administrator
