

United States Of America
Department of Transportation - Federal Aviation Administration
Supplemental Type Certificate

Number SA3402WE

This Certificate issued to DeVore Aviation Corporation of America,
a New Mexico Corporation
6104-B Jefferson, N.E.
Albuquerque, NM 87109-3410

certifies that the change in the type design for the following product with the limitations and conditions therefor as specified hereon meets the airworthiness requirements of Part 23 of the Federal Aviation Regulations dated February 1, 1965, as amended by 23-1 through 23-3.

Original Product Type Certificate Number : A13CE
Make : Cessna
Model : 177, 177A, 177B

Description of Type Design Change:

Installation of recognition lights on horizontal stabilizer in accordance with DeVore Top Drawing 17700001, Revision "C", dated April 21, 1977, or later FAA approved revision.

Limitations and Conditions:

The approval of this change in type design applies to the Cessna 177 series aircraft only. This approval should not be extended to other aircraft of this model on which other previously approved modifications are incorporated unless it is determined by the installer that the interrelationship between this change and any of those other previously approved modifications will introduce no adverse effect upon the airworthiness of that aircraft. This determination should include consideration of significant change in weight distribution such as an increase in the fixed disposable weight of the fuselage.

This certificate and the supporting data which is the basis for approval shall remain in effect until surrendered, suspended, revoked or a termination date is otherwise established by the Administrator of the Federal Aviation Administration.

Date of application : October 01, 1976

Date reissued : January 31, 2000

Date of issuance : May 25, 1977

Date amended :

By direction of the Administrator
