Original Product Type Certificate Number : A5SW
Make : Swearingen
Model : SA26-T and SA26-AT

Description of Type Design Change:

Installation of recognition light assembly on the horizontal stabilizer in accordance with FAA sealed Drawing List 02600001, Revision C, or later FAA approved revision.

Limitations and Conditions:

The approval of this change in type design applies to the basic models listed above. This approval should not be extended to other aircraft of this model on which other previously approved modifications are incorporated unless it is determined by the installer that the interrelationship between this change and any of those other previously approved modifications will introduce no adverse effect upon the airworthiness of the aircraft. This determination should include consideration of significant changes in weight distribution such as an increase in the fixed disposable weight in the fuselage.

This certificate and the supporting data which is the basis for approval shall remain in effect until surrendered, suspended, revoked or a termination date is otherwise established by the Administrator of the Federal Aviation Administration.
