

United States Of America
Department of Transportation - Federal Aviation Administration
Supplemental Type Certificate

Number SA998EA

This Certificate issued to DeVore Aviation Corporation of America,
a New Mexico Corporation
6104-B Jefferson, N.E.
Albuquerque, NM 87109-3410

certifies that the change in the type design for the following product with the limitations and conditions therefor as specified hereon meets the airworthiness requirements of Part 3 of the Civil Air Regulations.

Original Product Type Certificate Number: A9EA
Make: de Havilland Inc.
Model: DHC-6 Model 100, Model 200, Model 300

Description of Type Design Change:

Installation of engine fuel drain recirculation system in accordance with data contained and listed in DeVore Aviation Corporation's Installation Instruction Manual No. F-200, Rev. B dated April 21, 1975.

Limitations and Conditions:

This fuel vent system complies with E.P.A. Regulation 40CFR 87.11 and FAA SFAR 27 for fuel venting emissions. This approval should not be incorporated in any aircraft of these specific models on which other approved modifications are incorporated, unless it is determined that the interrelationship between this change and any of those previously incorporated approved modifications will not introduce any adverse effect upon the airworthiness of the aircraft.

This certificate and the supporting data which is the basis for approval shall remain in effect until surrendered, suspended, revoked or a termination date is otherwise established by the Administrator of the Federal Aviation Administration.

Date of application: January 24, 1975

Date reissued: 2/29/80; 1/31/00

Date of issuance: February 25, 1975

Date amended: May 2, 1975

By direction of the Administrator
