

United States of America
Department of Transportation -- Federal Aviation Administration
Supplemental Type Certificate

Number SH205WE

This certificate issued to

DeVore Aviation Corporation of America,
a New Mexico Corporation
6104-B Jefferson, N.E.
Albuquerque, NM 87109-3410

certifies that the change in the type design for the following product with the limitations and conditions therefor as specified hereon meets the airworthiness requirements of Part 29 of the Federal Aviation Regulations.

Original Product -- Type Certificate Number: H4SW
Make: Bell
Model: 212; 412; 412EP

Description of Type Design Change:

Installation of Tail/Rotor Floodlights on upper surface of horizontal stabilizers in accordance with Top Drawing 21200001, Revision E, dated 12-16-81 for the Model 212, or installation of Tail/Rotor Floodlights mounted on the sides of the tailboom in accordance with Drawing List 21200003DL, Revision N/C, dated 7/20/94 for Model 412 and 412EP, or later FAA approved revision(s).

Limitations and Conditions:

Compatibility of this modification with previously installed equipment must be determined by installer. If the holder agrees to permit another person to use this certificate to alter the product, the holder shall give the other person written evidence of that permission.

This certificate and the supporting data which is the basis for approval shall remain in effect until surrendered, suspended, revoked or a termination date is otherwise established by the Administrator of the Federal Aviation Administration.

Date of application: June 29, 1977

Date reissued: January 31, 2000

Date of issuance: October 20, 1977

Date amended: August 01, 1994;
March 16, 2004

By direction of the Administrator
